Lillie's Love was formed in memory of our precious princess, Lillie Nicole Hall, who at the very young age of three became an Angel. Sadly, a result of Myocarditis, a disease characterized by inflammation of the myocardium (muscular layer of the wall of the heart). We need to raise awareness about this disease to both the medical and public communities so that others do not suffer the pain and anguish that we and other families have had to endure.

A portion of the proceeds will go to the Myocarditis Foundation
